

DORGARD

Wedging open fire doors is illegal and dangerous.
Dorgard is the safe, legal and cost-effective solution.

Dorgard provides a wireless solution for legally holding open fire doors in any position.

Dorgard features

- *Installs in under five minutes*
- *Automatically releases fire doors when the fire alarm sounds*
- *Available in a variety of colors and finishes*
- *Automatic night-time release facility*

Dorgard is suitable for normal environments, e.g. offices, care homes and hotels that have an automatic fire detection system installed.
